

2011 in brief...

As we bid goodbye to 2011, we would like to thank all who have accompanied and helped us in our Mission of empowering deaf Filipinos and their families.

This year brought us many blessings in different shapes and forms – both in our personal lives and in our work. “The more you give, the more you receive” is a cliché tested and true in our life as individuals and as members of a family that is LINKed.

Following are some of the highlights of our 2011...

RECOGNITION

In January, LINK Center was given recognition as Outstanding NGO Partner by the Municipality of Carmona in Cavite-. A good way to welcome the year 2011...

ADVOCACY THROUGH ART

We celebrated Chinese New Year in February with a dance concert entitled **UnSilence Please** featuring LINK Center's Performing Arts Group held in Naga City.

SUMMER ACTIVITIES

The months of April and May saw us organizing and facilitating trainings in the three major islands of the Philippines—Luzon, Visayas, and Mindanao. Aspiring teachers of deaf children participated in Special Education workshops and sign language training.
